Voluntary School Contribution 2020

Dear Parents

Unfortunately, government funding for public education doesn't stretch to provide all the resources we would expect or wish our children to enjoy. This is not unique and most NSW schools ask parents for a financial contribution.

I stress the payment of the Voluntary School Contribution is a decision made by individual parents and guardians and is entirely voluntary. Our school would welcome your contribution as this will significantly enhance the resources made available to students.

We assure you that every cent of this money is used to purchase resources for all students. The money does not go towards anything but educational resources.

Voluntary School Contributions are a vital element of the school budget, enabling the school to provide special resources that otherwise would not be possible.

Receipts will be issued and should be retained for taxation purposes. Please complete details on the form issued to families and return it to the school when making your payment.

Voluntary School Contributions are requested by the school annually.

The amounts requested are \$45 for 1 child and \$80 for 2 children and \$100 for 3 or more children in the same family.

Kind Regards

Jason Marshall
Principal
